## Our History

Shortly after the First World War, the Norfolk County Bowling Association, who then played the 21 up game, decided to lay down a new green on which to play important games and the County Cup. Many of the leading players were involved in the footwear industry and the monies were quickly found from a share issue.

In 1920 the green was laid down but was not used until 1921. In the autumn of 1921, it was decided to form a club so that the green would be used regularly and the Norfolk County Club came into existence. Later the name was changed to the Norfolk Bowling Club.

**Clubhouse from 1920s**

It was decided to play the EBA (English Bowling Association) game. As the Club was the only one playing the EBA game, we affiliated to Essex County so that we were recognised as an EBA Club and could enter Essex County competitions. The Club ceased to be affiliated to Essex when the Norfolk Association came into being in 1937 and a second green was subsequently laid down.

In the late sixties the dream of owning our own Indoor stadium took shape. A Company was formed and debentures issued through the existing Outdoor membership. Building commenced early in 1968 on the site of the allotments already owned by the Outdoor Club.

The Indoor Club opened on 16th December 1968. After some while and with an ever expanding membership the lounge was redeveloped in an open plan style. The original 6 rinks were increased to 7 rinks by

# Norfolk Bowling Club - Handbook

dispensing with the side walkways, the enlarged surface being covered by Escabowl laid directly on concrete.

In 1994 after dramatic fluctuations in green speed throughout the day came the decision to install a laser levelled 'Dales' wooden floor covered by Greenguage carpet and fast underlay. Since then, the Club has never looked back. Norfolk County Liberty and Atherley Trophy matches are often staged here and the Area finals for National and County competitions are featured

In 1995 the Outdoor Club and Indoor Club merged to form a united Norfolk Bowling Club.

In the year 2000 further improvements to the lounge and changing rooms were made which enhanced the viewing facilities for spectators. In 2004 the Club introduced one annual fee, thus enabling all members to play both indoors and outdoors.

A new carpet and underlay were purchased in 2011, the previous carpet having been laid down in 1994. In 2013 a further refurbishment of the indoor club lounge and bar was undertaken. In 2015 the No 2 outdoor green was closed, due to lack of use.

The first President was Sir Henry Holmes from 1921 until his death in 1939, when Lady Holmes accepted the office for one year. Later the Holmes' son Geoffrey Holmes took over but he had no real interest in bowls.

# Norfolk Bowling Club - Handbook

- 4.1. The maximum number of players permitted to be registered for each team will be limited as follows, Triples – 7, Pairs – 5
- 4.2. All leagues are defined as “Open” and therefore teams of all female, all male or a mixture of both genders are permitted.

## 5. Match Format

- 5.1. All non-sets leagues of Pairs and Triples games will be of 2 hours duration.
- 5.2. In a timed game the last end will be signalled to players five minutes before the end of the 2 hours.
  - a) Any end, when started before the five minute bell, shall be played to a conclusion.
  - b) An end will be deemed to have started, when the mat has been properly laid, by the designated lead player, and the jack has been cast, in that it has left the hand of the designated lead player.
  - c) In this situation only should the cast not be “legal” then the opposition shall have the choice to place the mat and jack where they wish.
  - d) The designated lead must not delay the delivery of the jack beyond that which would normally be expected to commence an end.
- 5.3. Sets game will be played over 2 sets of 8 ends, plus possible tie break with no time limit and can therefore commence when all players are available and the assigned rink is vacant. See Appendix for specific sets match rules.
- 5.4. Skips are responsible for the collection of all rink fees due and must be collected before the match commences and placed in the rink fee box.
- 5.5. Games which are timed must start and finish at the appointed time.
- 5.6. In the event of a triple comprising only two players the following sequence of play must be observed. Each side shall have a lead player, and after each lead has delivered their first bowl the middle player of the complete side will play their bowl until the sequence of nine bowls is completed, skips to deliver in the same sequence as the leads. A player turning up late must play at No 2.

# Norfolk Bowling Club - Handbook

5.7. No player may visit the head other than the skip, and then only after the bell has sounded to signify the end of a timed game, or during a tiebreak end in sets matches.

5.8. The skip may only remain at the head at the point of changeover, after the bell has sounded to signify the end of a timed game, or during a tiebreak end in sets matches.

5.9. A result form must be completed for ALL games showing.

- Date of game and rink number
- Team names
- Player names
- Scores for first set, second set and tiebreak (\*)
- Signed by both teams

(\*) if applicable

5.10. Improper delivery of the jack by coming to rest;

- ii) completely outside the boundaries of the rink;
- iii) at a distance of less than 23 metres;
- iv) on the rink after contact with the face of the bank (i.e. rebounded);
- v) on the rink after contact with any object or person completely outside the boundaries of the rink.

- a) If a player improperly delivers the jack, the opposing player may place the mat and re-deliver the jack, making sure that it is centred, but the opposing player must not play first.
- b) If the jack is improperly delivered once by each player in any end, it must not be delivered again in that end. Instead, it must be centred on the "T", and the mat must be placed by the first player to play.

5.11. If a jack in motion passes completely outside the boundaries of the rink of play or rebounds to a distance of less than 20 metres from the mat line, the jack shall be re-spotted. If the jack passes outside the side boundary of the rink it should be placed on a pre-arranged spot on the rink which is 2 metres from the front ditch and 1.5 metres to the left or right of the centre line, being positioned the same distance on both sides of the centre line, on the side that it left the rink of play.

# Norfolk Bowling Club - Handbook

Note: This rule ONLY applies to an end in play and not in relation to a jack being cast to start an end where the Laws of Sport rules 9 & 10 will apply.

5.12. If a bowl is on the re-spot, the jack will be placed as near as possible to the bowl without touching it, between the spot and the centre of the rink. If any other bowls are in the way the jack will be placed as near to that without touching it and the centre of the rink. In other words, directly between the 2 spots without touching a bowl.

5.13. Bowls striking another bowl or in danger of doing so.

a) Where two bowls in motion touch, both should be picked up and re-played.

b) Where a bowl in motion is in danger of touching a stationary bowl on an adjoining rink. It is permitted to lift the stationary bowl to allow the bowl in motion to complete its journey.

**Note:** This is a local club rule, inconsistent with the Laws of Sport 37.1.4 & 37.1.5 which does not allow a stationary bowl to be lifted.

## 6. Match Points & League format

6.1. For all non-sets leagues, other than the Development League, 2 points will be awarded for a team win and 1 point for a draw.

6.2. For the Development League 3 points will be awarded for a team win and 2 points for a draw, and 1 point for a loss within 5 shots.

6.4. League positions will be determined by 1) the highest number of points, 2) the highest shot difference and 3) the highest number of shots scored.

6.5. In leagues with more than one division where no teams withdraw from the league between one season and the next, two teams will be promoted and relegated in each division. This is subject to a review of entries before the season commences where alterations to the league structure may apply which may mean this is reduced to one team promoted and relegated.

6.6. Where there is a significant change to the league structure between seasons due to a change in the number entries the league will be

# Norfolk Bowling Club - Handbook

structured in such a way to maximise the number of games for each team. In this case teams will be allocated to divisions based on their final positions from the previous season.

- 6.7. Any new team entering a league will automatically be placed in the lowest division applicable to that league.
- 6.8. All teams will have the option to request that they are not promoted to a higher division and must do so when final league positions are declared. However, if they choose to not be promoted, they will forfeit any prize monies which may apply.

## **7. Postponed or cancelled matches.**

- 7.1. Any match may be postponed due to inclement weather or clashes with National or County championship playoffs. In cases of sickness or other reasons for an insufficient number of players, substitutes should be used (see Rule 3).

However, where a team is unable to find sufficient players to fulfil the fixture, including the possibility of obtaining substitutes, the match may be postponed provided at least 24 hours notice is given to the opposing team and the appropriate League Steward or League Secretary.

- 7.2. No allowance has been made for a match to not be played, and the failure of a team to complete its league programme will be referred to the Indoor committee for a decision regarding the future of that team in the league.

- A.2. Match format for Open Triples of 2 bowls for each player, of two sets, each set being played over 10 ends.
- A.3. In all cases during set 1 or 2 a “no score” end will count as an end.
- A.4. If the game is tied after 2 sets, by either team having won 1 set or both sets being drawn, a best of a one end “tie breaker” will be played to determine the winner.
- A.5. If the tiebreak results in a tied end, then one extra end will be played with the leads delivering one bowl each.
- A.6. 1 shot should be recorded on the result sheet for whichever team wins the tie break end NOT the total number of shots scored in the tie break end.
- A.7. The team winning the toss prior to the start of the match shall have the option to either take the mat or give it to the opponent on the first end only. The loser of the toss shall have the option of taking the mat or giving it away on the first end only of the second set.
- A.8. After the first end of any set, the team who wins an end will start the next end in the set.
- A.9. In a match tie breaker, the team winning the toss shall have the choice of starting or giving away the jack.

# Norfolk Bowling Club - Handbook

A.10. After each completed set each team has the option whether to change positions, however the opposition **MUST** be informed of the change, and **MUST** be completed before the jack is cast signalling the start of the next set or tiebreak.

A.12. League positions will be determined by 1) the highest number of points, 2) the highest shot difference and 3) the highest number of shots scored.

**Note:** As shot difference will be taken into account it is essential the set scores are recorded on the result form not just which team won the set. In the event of a tie break **ONE SHOT** should be recorded for the team winning the tie break end.

A.13. League points will be awarded as follows.

- Set win – 2 points to the winning team.
- Set drawn – 1 point to both teams.

### **In ALL competitions the use of respots will apply.**

a) If a jack in motion passes completely outside the boundaries of the rink of play or rebounds to a distance of less than 20 metres from the mat line, the jack shall be re-spotted. If the jack passes outside the side boundary of the rink it should be placed on a pre-arranged spot on the rink which is 2 metres from the front ditch and a minimum of 1 metre and maximum of 1.5 metres to the left or right of the centre line, being positioned the same distance on both sides of the centre line, on the side that it left the rink of play.

**Note:** This rule ONLY applies to an end in play and not in relation to a jack being cast to start an end where the Laws of Sport rules 9 & 10 will apply.

b) If a bowl is on the re-spot, the jack will be placed as near as possible to the bowl without touching it, between the spot and the centre of the rink. If the game is still drawn after three ends have been played, then one extra end will be played. ## Booking National Competitions

National Competitions are double session matches so for each match 2 sessions need to be reserved in the online diary. This follows the same process as booking a "roll-up" but when prompted you select from the drop down the appropriate match type.

A Provisional booking requires 2 dates to be reserved i.e 2 dates that you offer to your opponent. Provisional bookings only apply to National competitions and when booking each date, you need to reserve 2 sessions next to each other (Double Sessions).

# Norfolk Bowling Club - Handbook

These sessions will be marked as Reserved in the diary and you will have 72 hours to confirm which date of the 2 is the preferred date.

This can be done online by clicking the Confirm button and the 2 sessions reserved for the 2nd alternative date will automatically be removed from the diary. The confirmed sessions will be updated to confirmed in the diary.

Alternatively, if you are simply booking an agreed match then you can follow the same process as you would for a roll-up but select the correct competition from the drop down. Please remember this will only secure one 2 hour session and you will need to book the second session also.
