Outstanding Domestic League Games

As you will be aware, a significant number of domestic league games have been cancelled over the season and your team, according to our records, has outstanding matches.

Whilst we have requested several times through the newsletter and website for outstanding games to be mutually rearranged between the affected teams there has been little progress. However, we do thank those team captains who have managed to rearrange matches.

We have reached the point in the season where the club now needs to set dates for these games or the full league schedule will not be completed. Therefore, all outstanding matches have been rescheduled and Bowlr has been updated with the new rink bookings.

Enclosed is a list of your rearranged games showing the new date and time for the match and for most games we have been able to move the game to the same time slot (e.g. morning, afternoon or evening) it would have normally been played, but not necessarily the same day.

Please check this list carefully and ensure you know the new date and time for the game. Also please check this in Bowlr as whilst every effort has been made to avoid errors, if you identify any issues or inconsistencies please email the club on contactus@norfolkbc.org.uk as soon as possible. Matches which you may have rearranged yourselves in the past 7-10 days may not be shown in the list.

If any of the new dates or times are unacceptable to you then please contact your opponents within the next 14 days to make alternative arrangements and book the rink in Bowlr. Then notify the club, using the email quoted above, and we will make the necessary updates to the league match booking in Bowlr so we can track the outstanding games.

As a reminder **ALL league games must be played not later than 13th April**. Any games unplayed will be referred to the indoor committee and management at the end of the season.

Chris Taylor
Indoor Secretary - 19th February 2026
